Every puzzle in this book was generated by original software written for Puzzle Press and was checked by a separate computer program before printing: each puzzle has exactly one correct answer, and every answer is in the back of the book.

Word lists, instructions and design were created by Puzzle Press with the help of AI tools. No AI-generated pictures are used.

Carol titles and dates refer to public-domain carols; no lyrics are reproduced. Scripture word lists follow the King James Version (public domain in the United States).

BEFORE YOU BEGIN

# How to Play

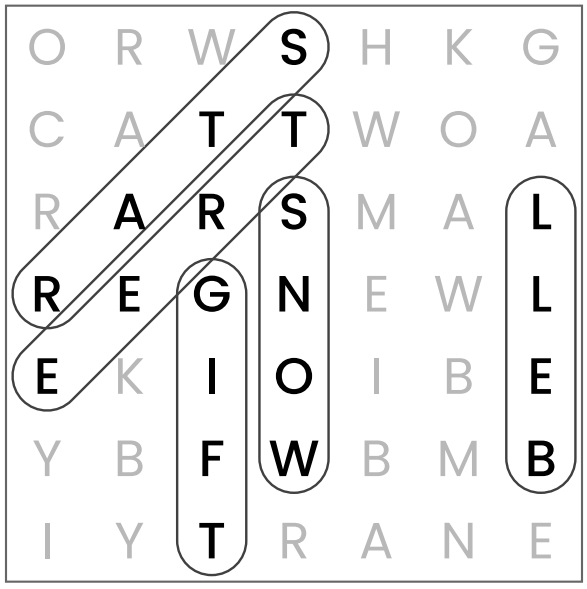

## Word Search

Find every word from the list hidden in the grid. Words run in a straight line - across, down, diagonally, and sometimes backwards. Circle each word in the grid and tick it off the list. Spaces in names are left out.

## Large print

Grid letters are printed at over 18 point and the word lists at 16 point. A soft pencil and a highlighter both work well on this paper.

**Example: SNOW, STAR, BELL, TREE and GIFT found**
