How to Play

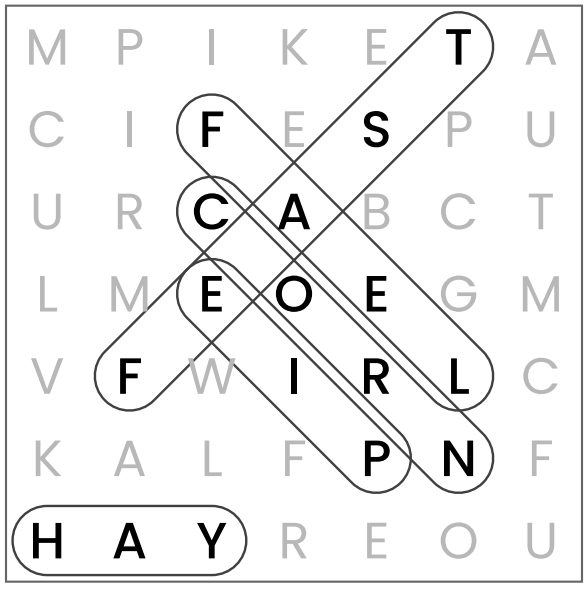

Word Search

Find every word from the list hidden in the grid. Words run in a straight line - across, down, diagonally, and sometimes backwards. Circle each word in the grid and tick it off the list. Spaces in names are left out.

Large print

Grid letters are printed at over 18 point and the word lists at 16 point. A soft pencil and a highlighter both work well on this paper.

Example: CORN, LEAF, PIE, FEAST and HAY found
