☆ How to Play ☆

Word Search

Find every word from the list hidden in the grid. Words run in a straight line - across, down, diagonally, and sometimes backwards. Circle each word in the grid and tick it off the list. Spaces in names are left out.

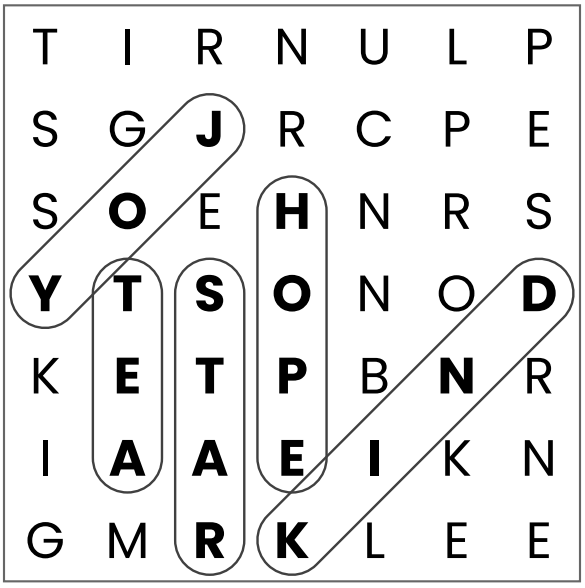

Large print

Grid letters are printed at over 18 point and the word lists at least 15 point. A soft pencil and a highlighter both work well on this paper.

A thought for every page

Under each puzzle is a short quotation from a classic book or poem published before 1929, printed word for word with its author, title and year.

Example: HOPE, JOY, KIND, TEA and STAR found
